

Student Organization Member Interest Form

Committee on Student Organizations

Shalala Student Center

Student Organization Suite 210H

coso_chair@miami.edu / <http://www.miami.edu/coso>

A roster of 25 prospective undergraduate members that would be interested in having the proposed organization exist on campus must be uploaded to the New Student Organization Interest Packet on Engage. This helps the Committee on Student Organizations (COSO) gauge student interest and determine the need for this organization to be established. Advisors, faculty and staff members, graduate students, COSO delegates, and SAFAC delegates do not count towards the 25 undergraduate member requirement. Please ensure that this member interest roster contains C numbers, UM email addresses, the date, and signatures that are either handwritten or through a secure electronic signature platform like AdobeSign of the interested individuals. Signatures must be obtained in the semester that the interest packet is being submitted.
