## New Student Org Process:

### Affiliation Letter

On behalf of the Committee on Student Organizations,

Thank you for interest in being affiliated with a COSO recognized student organization.

The Committee on Student Organizations is dedicated to advocating for student organizations and their members. The students on this selective committee are responsible for approving new student organizations; registering existing student organizations on a yearly basis; providing, developing, and improving services and resources for student organizations; enforcing policies and procedures related to student organizations; coordinating Canefest and the Spring Involvement Fair; and coordinating the end of the year Student Organization Achievement and Recognition (SOAR) Awards Ceremony.

The affiliation letter is meant to be a mutually understood and agreed upon document that highlights ways in which the New Student Organization and the affiliated organization will support one another. We recommend including a few examples of how those objectives will be executed and measured. As well as detailing the involvement.

**Below is a fillable pdf with the required information to be submitted in order to be considered for affiliation. Please note that only a representative of the affiliated organization should fill out this letter on behalf of the Student Organization.**
